

Dear Parent/Guardian of participants under the age of 18 years old,

The safety of our team is of the utmost priority for all of us and thus we would like to be prepared for possible unforeseen incidents that could occur.

Medical Ministry International policy states the following in order to accommodate team members under 18 years of age:

- Age 12-14 must be accompanied by a parent/legal guardian.
- Age 15-17 must be accompanied by a designated adult and need a notarized letter, signed by both parents or legal guardian, authorizing the designated adult to seek medical treatment and to act in the best interest for the child as necessary.
- Age 12-17 travelling only with one parent need a notarized letter signed by the other parent authorizing the child to travel with only the one parent.
- No one under the age of 18 is allowed in an operating room.

The original notarized forms should accompany the child/designated adult. Please submit a copy to MMI.
